CLEAN-UP YOUR ACT THIS FALL

Fall is a gorgeous time of year, but in just a short period of time you can

have a major landscape project on your hands if you don't proactively plan ahead to keep on top of your fall clean-up efforts. Here's a basic checklist of the items your fall clean-up could include:

- **Clean Up Leaves:** Whether raking, blowing, or vacuuming, remove leaves out of beds and off the lawn.
- **Cut Back Perennials & Ornamental Grasses:** Removing these in the fall will allow less debris to blow around all winter.
- **Trim Shrubs:** Lots of shrubs have grown from the great weather we have had. Get them tidy now so you won't have to in spring.
- **Pull Weeds in Beds:** With all this rain, you may find a few weeds sprouting. Pull them now to keep the beds looking tidy this winter.
- **Fertilize Trees & Shrubs:** Fall is an excellent time to replenish nutrient levels. This will help to promote a healthier root system and more beautiful plants.

Plan Your Next Outdoor Living Area Project Now

Don't let the coming of fall and winter keep you from thinking of how you could add a beautiful outdoor living space to your property! Fall and winter is a great time to plan for these projects so you can enjoy them all spring, summer, and fall next year. If you can dream it, we can make it a reality.

How can I plan a project like this?

- **Site Evaluation:** Our experienced Landscape Designers can visit your property to discuss the particular ideas or solutions you are seeking
- **Personalized Design:** Every person is different and every property is different. Our designers will help guide you through the process to help create a plan tailored to your individual tastes and needs

What are My Options?

- Patios, Walkways, & Walls made from many material choices and color options
- Landscape Lighting to light paths and highlight plants
- Outdoor Kitchens
- Pool Decks
- Fire Pits
- Plantings to provide beauty all season long
